SYNERGY **OBJECTIVES**

We at Synergy Enterprises strive to please our clients with quality service at competitive prices

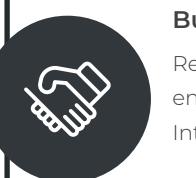

We employ highly experienced fitting teams who are motivated to maintain predefined quality standards

Our main priority is customer satisfaction as we fully understand the importance of building your vision

Business Values

Respect for the dignity of all stakeholders and the environment in which we operate
Integrity and honesty in all our transactions

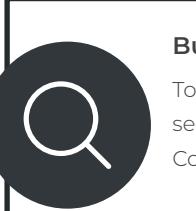

Business Structure

Engaging in competitive business practices
Ongoing learning and improvement
Growing and empowering people for the long-term benefit of the business

Business Philosophy

To be progressive and profitable through customer service and marketing
Conducting research and development in our industry

OUR SERVICES

We spend at least two thirds of our days in our working arenas. It is these places that new innovations are fashioned, sales targets are exceeded, business ideas conceived and productivity levels enhanced. It stands to reason, therefore, that these environments must serve as our abode away from home for it is here that employees eradicate all barricades and enhance personal growth. Our innovative and customer centric approach is designed specifically to accelerate the quality of standards and client service levels that we currently offer.

FURNITURE

Recognizing that no two businesses are the same, seating solutions are highly customizable to suit individual preferences and corporate objectives

SIGNAGE

We cater for both architectural and interior design environments, ranging from reworking existing buildings and interiors to print applications involved in servicing new developments

WALL COVER

Our wallpaper print capabilities offer a unique style when it comes to interiors, allowing clients to use personal designs, a photographic image or a specialty look to transform, rejuvenate & revive walls

GOING GREEN

We take our social responsibility seriously. Striving to produce products in South Africa with minimal environmental impact. We understand the need to reduce, recycle and reuse packaging. Components and products to create a harmonious blend between eco-efficiency. Quality and modern aesthetic design

You're the best in the industry. We would recommend your work to anybody & everybody. Keep up the excellent work

SYNERGY

WALL COVERINGS & DECO

Mass production has become a thing of the past and there is a noticeable trend in consumers tasking interior designers to help them create one of a kind surface furnishing. The emerging option is digitally printed wallpaper, vinyl and fabric. Our wallpaper print capabilities offer a unique style when it comes to interiors, allowing clients to use personal designs, a photographic image or a specialty look to transform, rejuvenate & revive walls

Set the mood with your own personal touch. Non-crease, fire-retardant solutions, lightweight Mesh, PVC or fabric options, create a unique visual experience. Synergy offers an extensive range of high impact custom printed backdrops to create the look, feel and impact it requires

CREATIVE CUSTOM DESIGN TO SUITE YOUR STYLE

Mesh banners are generally used for mega billboards, building wraps and events such as festivals, celebrations and concerts as they allow wind and sound to pass through the material. Mesh banner material permits visibility through windows and also allows natural light penetration. It is a viable, lightweight alternative to regular PVC banner. The product is also coated making it more durable and offering extra strength. If the client requires large format banners to conceal areas or tone down visibility, Synergy's mesh banners are the preferred choice with visibility options of 50%, 65% and 80%

PVC is one of the most popular materials due to its varying size options and affordability. Synergy offers single PVC panels up to 5m wide without any joins. The option for PVC signage is attaching a tensioning system directly to your wall, roofing or existing frame. Large format PVC is applied to your building or freestanding signs at any size and put together by stretching the PVC print around the actual frame

Set the mood with your
own personal touch

GLASS & ALUMINIUM STRUCTURES & CANVAS PRINTS

Autocad shop drawings that clearly indicate the product that you will be receiving from us will be given, and to eliminate any misconceptions between us and yourselves. Nothing beats the durability and beauty of aluminium and glass. Each of our products are carefully crafted out of SABS-approved materials for years of trouble-free service
